

## Horizon Virtual Hospice at Froedtert Hospital

When the plan for care changes to comfort, hospice is a choice that benefits both patient and family. Horizon's Virtual Hospice offers this care for those not able to leave the hospital setting. **With Horizon, you're home...**

Horizon Hospice offers an added layer of support focused on comfort, dignity and pain management.

Our hospice experts are there for you on site, working with the Froedtert team to provide symptom management and emotional support.

With a focus on comfort, Horizon's dedicated volunteers work to create the feeling of home.

Each room is transformed to create a soothing environment:

- ✧ Ambient lighting
- ✧ A choice of room art
- ✧ CD player with music provided or to play own collection
- ✧ Aromatic oils to evoke peace and comfort
- ✧ Light refreshment/comfort bag for family
